**COCOON** MEDIA-LOUNGE

# LIBRARY SPACE

## ADD LIFE TO YOUR LIBRARY

*Create a room within a room*

With the Cocoon Media-Lounge we have found a way of blending the real world with the digital world, creating a specialised zone within a given space, that can be used for both work and play. Whether the zone is a study zone for concentration or focus; or a gaming zone for play and fun, the innovative design of the Cocoon Media-Lounge allows you to reduce the scale of a large area and create a more intimate setting with its own unique purpose.

Be inspired by the models shown, besides the four standard lounges we are also able to create unique lounges such as Laboratory Lounges and 3D-printer-Lounges, that tailor to your individual needs for a zone in your library.

## COCOON kids - LOUNGE L & XL

This is the place where kids can have fun without disturbing the rest of the library.

The kids can play games and watch TV inside the lounge, while the outside is used for display and storage.

Two models are available - L and XL - depending on if seating is required in both sides of the Lounge. Add graphics to the sides of the Lounge to create just the right atmosphere.

## COCOON gaming - LOUNGE

Cocoon Gaming-Lounge

The Cocoon Gaming-Lounge is ideally placed in the teens or children's section of the library.

On the inside you will find a comfortable seating area with a screen mount installed on the opposite wall. Gaming devices can be securely locked away in a box underneath the screen. To ensure great sound within the Gaming-Lounge, you can install a Sonus Sound Shower system.

Use the many steel displays on the outside to show the latest computer games. Steel shelves are included, but you can also install browsers and many other function from the Ratio shelving system for both storage and display.

The Cocoon series is delivered in standard in white (RAL9016) melamine coated particle board. The interior is available as standard in three different bright and rich colours of 2 mm felt, but is also available in other colours upon request.
